WINNIPEG AIRSIDE

SITE FEATURES

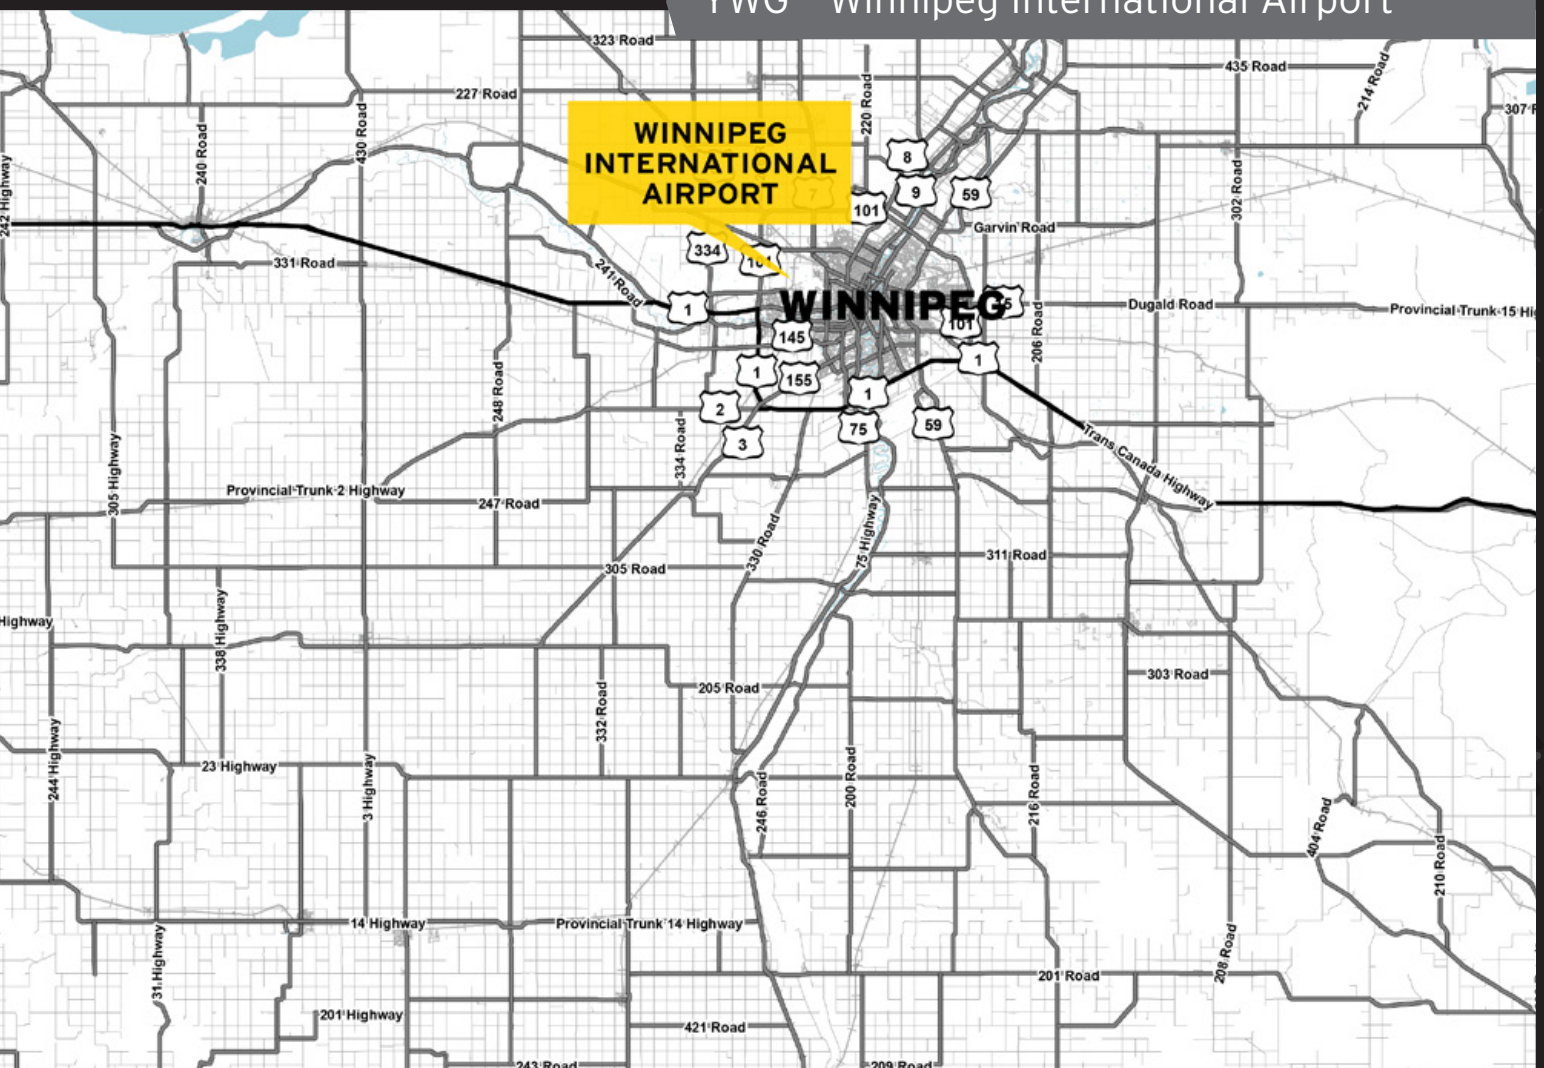

Location: Located at the geographic centre of North America, less than 10 km west of downtown Winnipeg and only an hour drive to the US Border.

Trade Area: Approximately 1.3 million people reside in Manitoba representing a major economic hub within the prairies. Manitoba also boasts a highly educated labour force and a lower cost of living.

Operations: Number one airport in Canada for scheduled freighter flights with 24 hour operations.

Transportation Network: A certified trans-shipment point enabling cargo to be shipped by air, rail or truck allowing for cost-effective movement of goods throughout North America.
